## Food for Our Neighbors

In partnership with Health Brigade

As Unitarian Universalists, **Love** is at the center of our shared values, and these boxes put that Love into action.

**Justice and Equity:** Every family deserves enough to eat and the freedom to live without fear.

**Generosity:** We share what we have, freely.

**Interdependence:** Our neighbors' wellbeing is bound up with our own.

**Pluralism:** We honor the foods and cultures of our Latinx and Afghan neighbors.

We would love a  
photo of your  
group with the  
box. You can  
attach it to your
